

GIVE LOVE & BE LOVED

EVENT IMPACT REPORT
FEBRUARY, 2021

Our Co-Hosts Lisa Breckenridge and Lawrence Zarian welcomed several hundred guests and viewers to the inaugural Give Love & Be Loved Annual Benefit LIVE broadcast event!

Families, corporate partners, sponsors, and our Shelter Partners joined us in the comfort of their homes from across the country.

Unconditional Love ticket holders received our elegant LOVE BOXES.

We honored two inspirational individuals for their leadership and support in breaking the cycle of domestic violence.

The event featured a fabulous *Silent Auction!*

During the *Give Love & Be Loved Pitch*,
we more than doubled our goal!

Thank you to our
presence of Love Ambassadors,
who donated \$250 and more.

We heard a moving musical performance from MILCK, who re-wrote the lyrics to the second verse of her song "If I Ruled the World" to include the words of our sheltered children.

If I ruled the world:

I would give people money,
and I will help family in need.

If I ruled the world:

I would try and bring equality to everyone of all ages, colors,
Sexes and religions. I would also like to bring
justice for all the people who have fallen victim to
our terrible justice system.

If I ruled the world:

I would clean the world, make it a home
for all to afford. Feed hungry people and
make everyone equal.

If I ruled the world:

I would make sure there was no
trash in the house I would make sure
nobody starved and every one had homes,
nobody would be infected. COVID 19 would
not be here. Nobody would
like criminals. Women would fight.

If I ruled the world:

if i would ruled the World i
will play with slime all day.

If I ruled the world:

I would give all the kids new toys for their
birthdays.

If I ruled the world....
I would make the world a
better place for everyone,
even animals, plants, insects.
If I ruled the world...
I would give a home for
homeless people and food
I would give money to people
who need help.

@presentnowfoundation

In Their (Children's) Words

Everyone would have a home
A warm bed to call their own
And I would share with those in need
And give way more food to feed
I would get to play with slime
Everyday and all the time
I'd get rid of cigarettes
I'd be kind to plants and insects
Everyone would feel included
We would clean up the pollution
And instead of feeding fear
We'd be feeding half the planet

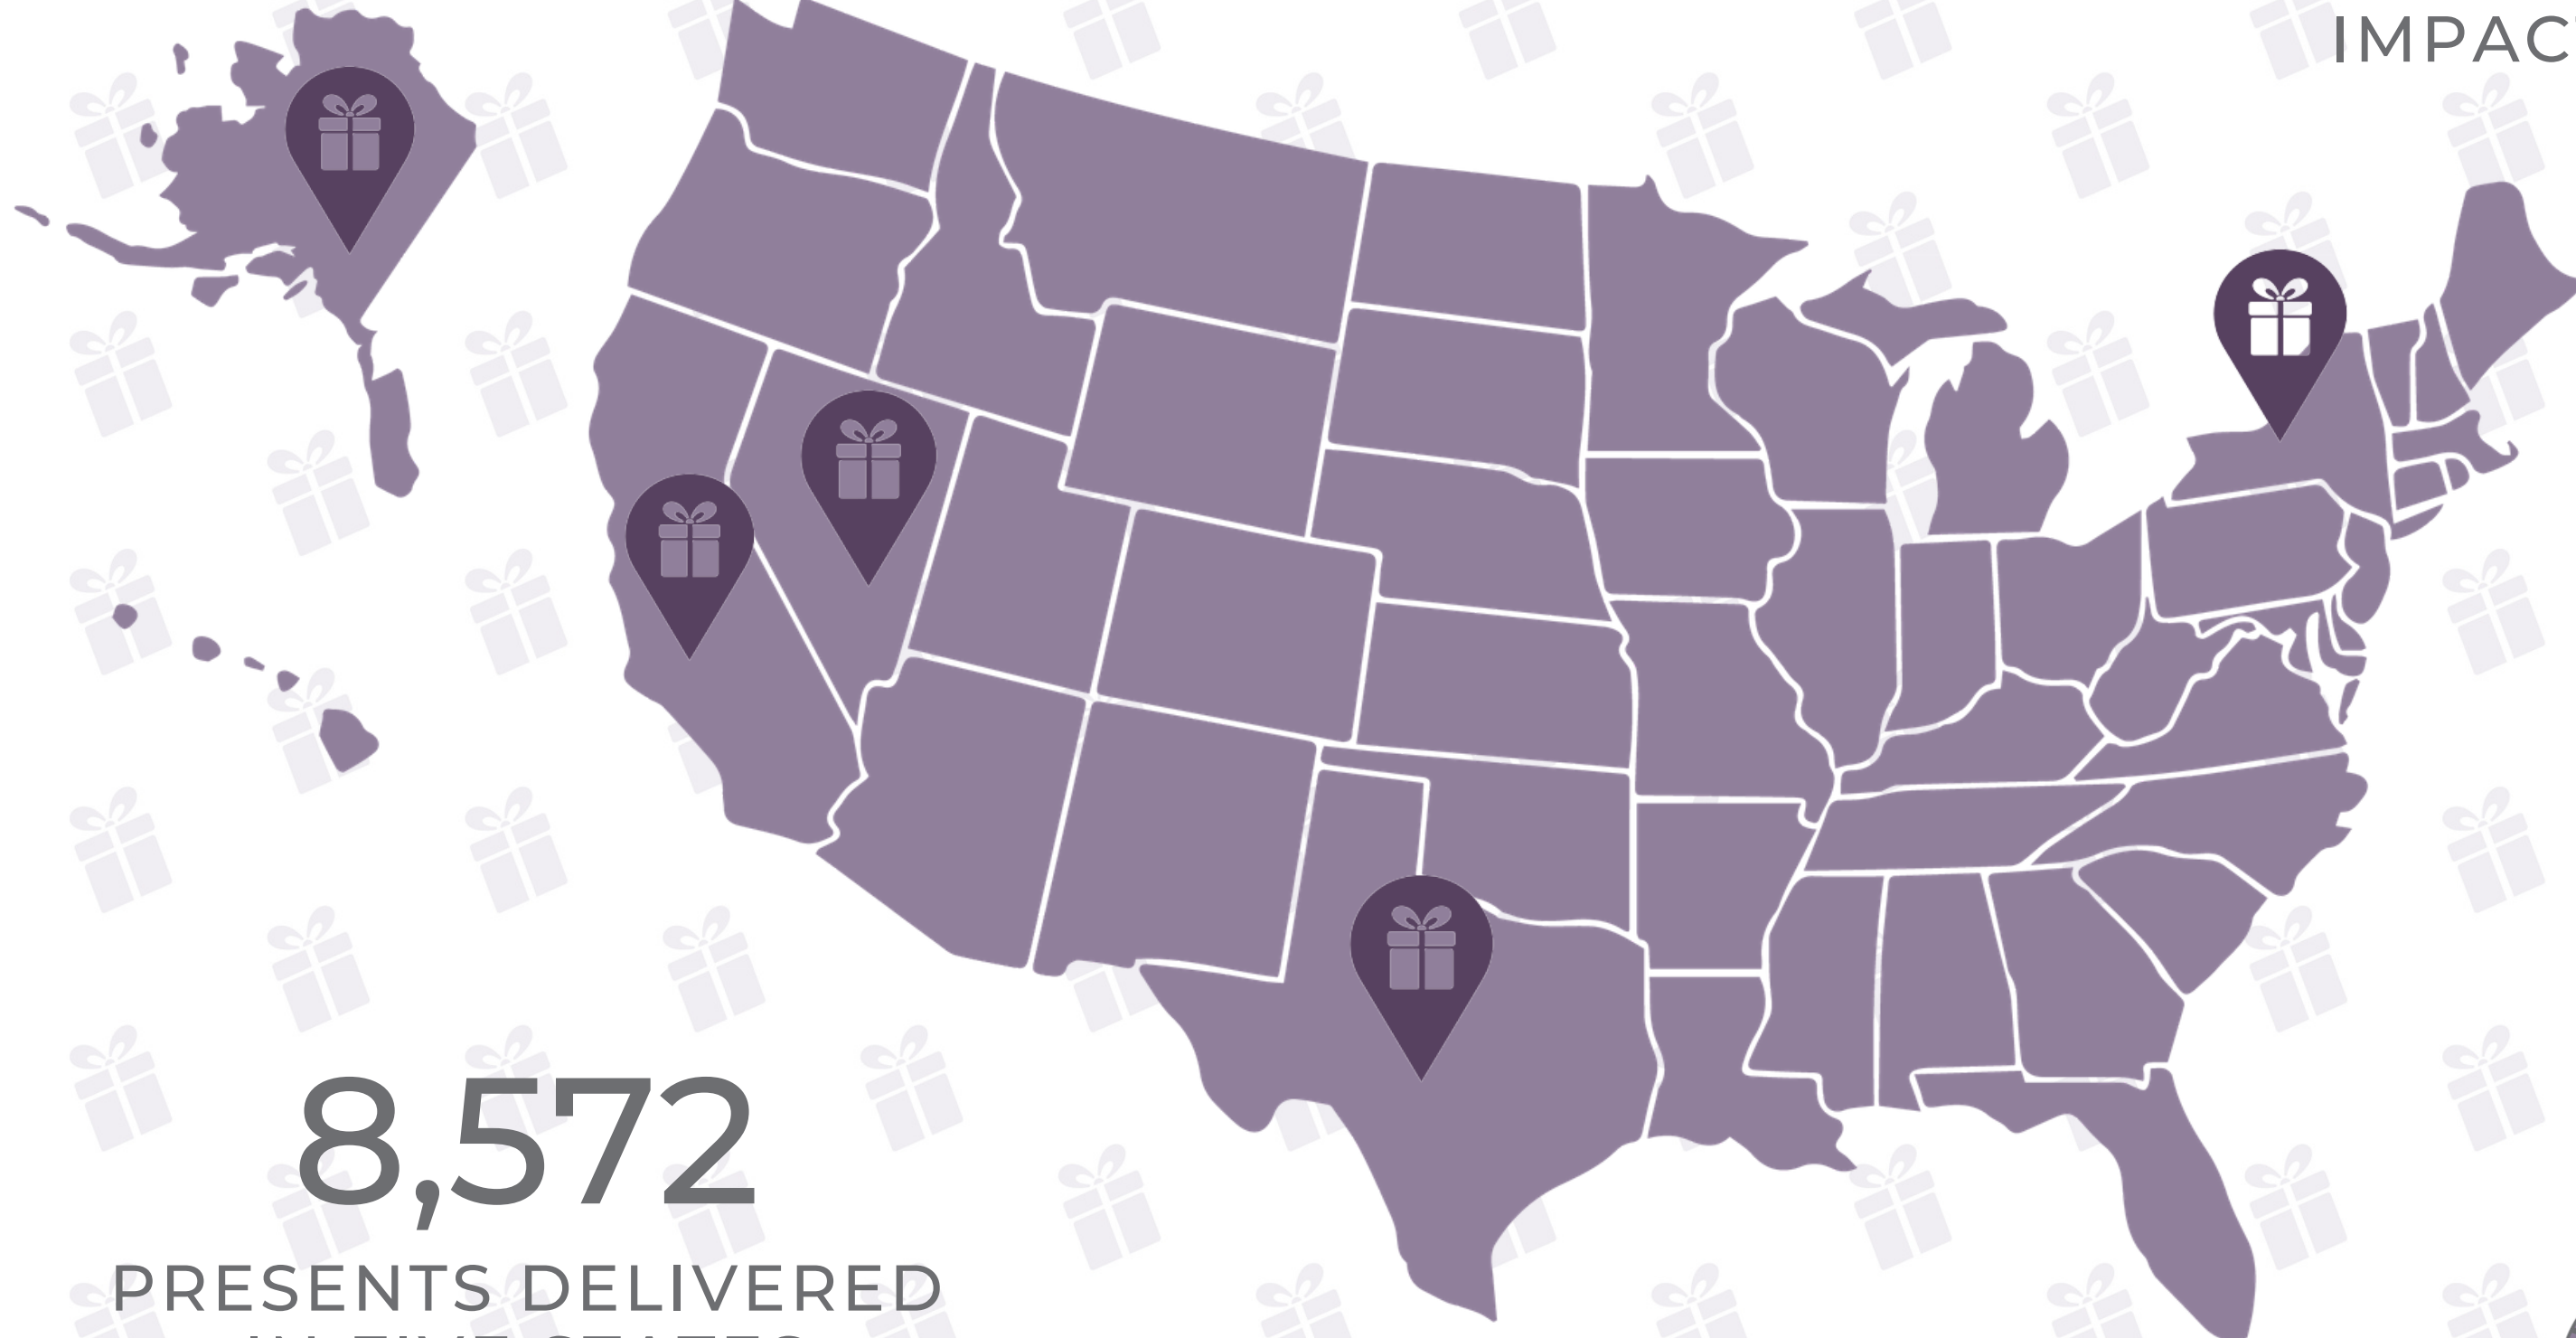

Special thanks to MILCK, the staff and domestic violence advocates of the Good Shepherd Shelter, Center for the Pacific Asian Family, and Urban Center for Change for this special collaboration!

We celebrated our community and PRESENT NOW's impact to date.
